Company Overview

Ob Hospitalist Group (OBHG) is the nation's largest and only dedicated provider of customized women's health solutions, focused on improving access to care and ensuring all women receive timely, unconditional obstetric care. Our team partners with hospitals across the nation to improve maternal safety and outcomes and reduce physician burnout. As part of our dedicated women's health focus, we ensure that every pregnant woman presenting to labor and delivery with unscheduled medical needs receives timely, expert care from a skilled clinician. Our 1,000+ clinicians partner closely with local OB/GYN physicians, providing collaborative, non-competitive support. Together, we deliver great patient care and clinicians passionate about their role in caring for pregnant women. Vision

Together we deliver specialized services that improve quality and positively impact the lives of women, newborns and the families we serve.

Core Operating Principles

- Primary focus on clinical quality and risk management through ongoing investment in our data and risk management capabilities
- Utilization of our network data to provide insights for continuous clinical, operational and financial improvement
- Proactive collaboration with local administration to set program objectives and other hospital vendors in adjacent departments
- Non-competitive partnership with local physicians through the Obstetric Services Agreement (OSA)
- Staffing a cohesive, engaged team, with clinicians who are active throughout their shift on the floor and in the department through department committees and leadership positions
